Skills, Abilities & Connections — Complete Inventory

Verified: November 4, 2026
Scope: Every source reachable from Tam's account — personal library, all 10 projects, the Notion inventory, and the automations registry.

Summary

Category	Count
Custom skills	22 (18 personal library + 1 cross-platform + 3 project-only)
Active automations	3
Built-in abilities	14
Connectors	17
Projects	10
Organization scope	None — the Team plan never completed, so no org-level skills exist

Custom Skills — 22 Total

Personal library (available in every session)

Skill	Purpose	Connectors used	Where available
service-records-review	Monthly Drive/Gmail review of military service and VA records into the Military Service Records Inventory	google_drive, gcal	Personal — all projects. Project copies: Tam's Master Workspace (Nov 1), Skill Sharing hub, VA Disability Secondly claim, Workspace Hub
veteran-program-monitor	Weekly California veteran housing and support program search, Santa Clara County first	None	Personal — all projects. Project copies: Tam's Master Workspace (Nov 1), Skill Sharing hub, Housing Authority HUD VASH, Workspace Hub
veteran-education-search	Weekly grants, scholarships, and veteran programs at San Jose-area colleges	None	Personal — all projects. Project copies: Tam's Master Workspace (Nov 1), Skill Sharing hub, Mission college assignment, Workspace Hub
benefits-document-analysis	Analyzes VA/SCCHA benefit documents into the Government Benefits Tracker and Benefits Insights Tracker	google_drive, gcal	Personal — all projects. Project copies: Tam's Master Workspace (Nov 1), Skill Sharing hub, Housing Authority HUD VASH, VA Disability Secondly claim, Workspace Hub
agency-inquiry-drafter	Drafts professional inquiry emails to VA, SCCHA, SSA, DMV	None	Personal — all projects. Project copies: Housing Authority HUD VASH, Workspace Hub

Skill	Purpose	Connectors used	Where available
agency-inquiry-email	Drafts persistent inquiry emails to housing, VA, and school offices	None	Personal — all projects. Project copies: Housing Authority HUD VASH, Workspace Hub
notion-life-library-intake	Files documents into Tam's Notion Life Hub tables	notion_mcp	Personal — all projects. Project copies: Gmail/Dropbox/drive/iCloud/Box/Notion databases, Workspace Hub, Document Remastering
visual-document-cleanup	Visual-only cleanup of scanned official documents with dual-tier redaction and approval gate	None	Personal — all projects. Project copies: Workspace Hub, Document Remastering
photo-document-library	Organizes photo/document libraries across Google Drive, Dropbox, iCloud	None	Personal — all projects. Project copies: Workspace Hub, Document Remastering
coursework-page-generator	Generates ready-to-paste coursework assignment pages for schools and apprenticeship programs	None	Personal — all projects

Personal library — mined from project wikis (added Nov 4, 2026)

Built from the methodologies developed across Tam's projects so nothing has to be re-engineered or re-taught. All are in My Skills and in the installable package (skill-source-package.zip).

Skill	Purpose	Connectors used	Where available
document-remastering	Natural-look visual remastering of scanned official documents: deskew, exposure, ink tone, bounded signature merging, dual-tier redaction, approval gate	None	Personal — all projects (from the Document Remastering project methodology)
gmail-inbox-triage	Gmail routing and labeling system: six standard labels, inbox restricted to institutional correspondence, archive-never-delete, batched sweeps, Notion Inbox Index	gcal	Personal — all projects (from the Gmail training system; captures what the external email-cleanup-triage skill can't export)
essay-revision	Revises essays and discussion posts against instructor requirements with minimum-change editing, writer-voice preservation, verified quotations	None	Personal — all projects (from the Mission College project methodology)
coursework-planning	Plans coursework across multiple classes by deadline, weight, and effort; separates confirmed from tentative dates	None	Personal — all projects (from the Mission College project methodology)
personal-message-drafting	Rewrites personal texts and DMs into clear, natural wording with adjustable tone; preserves intent, nothing sent without YES	None	Personal — all projects (from the Text Message Rewrite project methodology)

Skill	Purpose	Connectors used	Where available
claims-evidence-verification	Verifies claim narratives and exam accounts against source records; flags mismatches; separates verified from missing evidence	None	Personal — all projects (from the VA Disability project methodology)
best-copy-vault	Builds and maintains a curated best-copy vault from Drive/Notion inventories with upload verification and review folders	box, google_drive, notion_mcp	Personal — all projects (from the email/cloud cleanup project methodology)
master-archive-organization	Organizes the master archive and dual-tier document vault: numbered category folders, Tier 1 private / Tier 2 redacted, packet folders with Master Index	google_drive, notion_mcp	Personal — all projects (from the master workspace archive system)

Cross-platform (outside the Perplexity library)

Skill	Purpose	Where available
email-cleanup-triage	Email cleanup and spam triage rules: classification, never-spam categories, most-wanted senders, Likely-Spam trashcan workflow	Perplexity, ChatGPT, Cursor, or any agent that supports skills

Project-only

Skill	Purpose	Where available
brand-inspiration	Analyzes competitor websites, captures creative examples, builds visual reference decks	Document Remastering & Image Editing project
teardown	Creates configurable technical teardown illustrations (exploded views, cutaways)	Document Remastering & Image Editing project
benefit-verification-summary	Turns VA award letters into clean housing-ready verification summaries for SCCHA	Housing Authority HUD VASH and VA Disability projects

Active Automations — 3

Automation	Schedule	What it does	Reports to
Weekly CA veteran programs and benefits	Mondays 8 AM Pacific	Web search for new or changed California veteran programs, benefits, deadlines, and events; voucher-related updates first; only actionable updates with authoritative sources	Skill Sharing hub conversation
Weekly CA Veterans Housing Updates	Mondays 8 AM Pacific	Searches for changes to California veteran housing and support programs including county VSOs, prioritizing Santa Clara County	Its original conversation
Weekly San Jose veteran education opportunities	Weekly (set up in another session)	Searches for education grants, scholarships, and veteran-support programs at San Jose-area institutions, prioritizing flexible schedules and veteran accommodations	Its own conversation

Built-in Abilities — 14

Available in all projects: perplexity-platform, website-building, office, visualize, business-playbooks, custom-credentials, onboarding, media, finance, about-computer, create-skill, browser-use, automations, search.

Connectors — 17

Connector	Purpose
google_drive	Read and analyze Google Drive content
gcal	Gmail and Google Calendar: search and create emails and events
notion_mcp	Search and create Notion content
dropbox_mcp	Search, read, and manage Dropbox files and shared links
box	Read and search Box content (CLI available)
canva	Create and edit designs, search design history, brand workflows
github_mcp_direct	Search and manage GitHub repositories (gh, git CLIs)
google_photos__pipedream	Google Photos library
google_tasks__pipedream	Google Tasks sync
spotify__pipedream	Spotify library
outlook	Search emails and calendar events
sportradar	Live sports scores, schedules, and standings
opticodds	Real-time sports odds and betting data
polymarket	Public Polymarket market data
finance	Institutional-grade market data
health	Health-related data
gws (Google Drive CLI)	CLI access to Google Drive

Per-Project Skill Coverage — 10 Projects

Project	Skills installed
Housing Authority, HUD VASH Voucher	agency-inquiry-drafter, agency-inquiry-email, benefit-verification-summary, benefits-document-analysis, veteran-program-monitor
VA Disability, Secondly claim	benefit-verification-summary, benefits-document-analysis, service-records-review
Workspace Hub	agency-inquiry-drafter, agency-inquiry-email, benefits-document-analysis, notion-life-library-intake, photo-document-library, service-records-review, veteran-education-search, veteran-program-monitor, visual-document-cleanup
Document Remastering & Image Editing	brand-inspiration, teardown, notion-life-library-intake, photo-document-library, visual-document-cleanup

Project	Skills installed
Skill Sharing hub (Custom Skills, Plugins & Connections)	benefits-document-analysis, service-records-review, veteran-education-search, veteran-program-monitor
Mission college assignment	veteran-education-search
Gmail, Dropbox, drive, iCloud, Box, Notion databases	notion-life-library-intake
Text Message Rewrite	none
Tam's Master Workspace	Access denied to this account since Nov 4 — could not verify. Known from Nov 1 saves: the four veteran-workflow skills plus benefit-verification-summary; the hub's records say all nine shared skills
Dashboard Automation	Access denied to this account since Nov 4 — could not verify

Open Items

1. **Tam's Master Workspace and Dashboard Automation** — both projects now deny this account access (skill listing returns "not authorized," project metadata returns "not found"). Their skill lists are the only unverified piece of this inventory. Check them in the web app or from a session inside those projects.
2. **Organization sharing** — still unavailable until the Team plan shows active in Settings; project-scope sharing is the working channel for teammates.
